

The background of the cover is a dramatic sky with dark, swirling clouds. In the upper left, two small F-15 jets are shown in flight, leaving white smoke trails. The main focus is a large F-15 Strike Eagle in the foreground, angled towards the bottom left. The aircraft is depicted with detailed panel lines and a metallic finish. It has two large air intakes, a single cockpit, and various sensors and missiles mounted on its wings and fuselage. The tail features two vertical stabilizers. The overall color palette is dominated by blues, greys, and yellows.

GREAT REVIEWS!!!

"More intense than a straight flight simulator, it combines the basic realism of a flight simulator with the tension of a good arcade game. I highly recommend it for anyone with an interest in either."

—COMPUTE!'s Gazette

"... now there's a way to really earn your wings. This is more than the right stuff. Once you've gotten used to flying these banks, it will be hard to go back to just cruising from LaGuardia to Logan. F-15 is definitely the only way to fly."

—USA Today

PLUS

"If you're looking for a chance to experience some high adventure and danger in a realistic and challenging format, F-15 Strike Eagle is for you."
